Dear Teacher PNC

My name is CHHIM phanith I'm 22 years old and I am a program developer. I would like to apply as an IT developer because I really enjoy this job in your company and I really want to develop something new in your company. I have the enough knowledge for make your company better and can make your company more famous. I believe my safe I can do it well.

About my education I'm studying in second years in PNC school and in those have many projects that contact with your company so I know and I can do it well and I can tell you I have amazing skill to develop and improve your company because I have enough experience.

For my dream in the future, I had an absolute plan in my life for next five year I go to create my own business in rural area. Thank you.
